

COL. THOS. CAMPBELL,

Veteran of Two Wars and Former Hopkins County Man, Dead.

HIS BROTHER, JAMES CAMPBELL, OF MADISONVILLE, VERY ILL.

Col. Thomas Campbell, formerly of Hopkins county, died at his home in Louisville Wednesday morning of last week, of uraemic poisoning at the age of sixty-four and was buried at Bowling Green on Thanksgiving day. Col. Campbell had been confined to his bed since last August.

Col. Campbell was a veteran of two wars and one of the best beloved citizens of Louisville. He was prominent in the councils of the leaders of the Republican party in the state and a close personal friend of such men as Judge Walter Evans, Judge Clifton J. Pratt and others.

He is survived by his wife and three sons. At the age of sixteen he enlisted in the army for service in the Mexican war, and was at the battle of Buena Vista and several other important engagements.

At the opening of the Civil war, he entered the Union army as captain in the Twenty-fifth Kentucky Infantry. For distinguished conduct at the taking of Fort Donaldson he was promoted to the rank of Lieutenant Colonel in the Seventeenth Kentucky Cavalry. Col. Campbell served with Grant's army through a great part of the war. He took part in the engagements at Gettysburg and Shiloh, and was with Grant at Appomattox.

At the close of the war President Lincoln rewarded Col. Campbell's brave and faithful service by appointing him a collector of internal revenue. He held the office until he was elected Clerk of the Hopkins County Court shortly after the assassination of Mr. Lincoln.

For five years preceding his death Col. Campbell served at the Louisville Postoffice in the capacity of Custodian of Labor. Mr. James Campbell, of Madisonville, a brother of the deceased, is also in quite ill health and was much affected by the news of his brother's death.

In the early days, before Earlinton was, Col. Thos. Campbell and Mr. John G. Morton, Madisonville's pioneer banker, used to come courting together at the home of Mr. Crutchfield Young, which stood on the site now occupied by the residence of Mr. John B. Atkinson. Mr. Morton married the daughter of that household and both are living at a ripe old age at their Madisonville home.

JAMES-THOMAS.

The Congressman Was Married at Yesterday Marion.

Congressman Ollie M. James, left Washington Saturday en route home to attend his own marriage to Miss Ruth Thomas, which was announced some weeks since. The wedding took place yesterday afternoon at Marion, the home town of Mr. James and his bride. They will return to Washington after the wedding and will be at home for the winter at the Cairo.

"Woman," says the government agriculturalist, "has long had because she is still a savage." A great many of them have it because they can afford a natural switch.

BURGULARS

Captured at Nortonville Supposed to Have Robbed Post Office at Weldon, Ky.

Among the effects of the two men captured at Nortonville last week was found a key belonging to the post office at Weldon, Ky., which was robbed a short time ago. Inspector Sushong thinks there is no doubt that the two men captured are the parties who robbed the office at Weldon.

Rash-Compton.

Mr. J. R. Rash, manager of the St. Bernard Mining Company's stores of this city, and Mrs. Georgia Compton, of Madisonville, left their respective homes on No. 51 last Thursday afternoon and went to Hopkinsville, where they were married in the parlors of Hotel Latham. Rev. Jinnett, pastor of the Christian church of this city, performed the ceremony, assisted by Rev. J. W. Mitchell. Mr. Rash is well and favorably known in this county and is prominent in church work. His bride is a lady of lovable character and is admired by all who know her. She is a devoted member of the Baptist church. The many friends of the bride and groom wish them much joy and happiness and a long, prosperous life.

Union Labor Will Be

Fought by This Organization.

Organized labor will have a powerful antagonist in the new national organization of employers' associations which has just been formed in Chicago under the leadership of David McLean Parry, president of the National Manufacturers' Association. The avowed purpose of the new association is to cope with union labor and promote the interests of employers and independent workmen. David M. Parry, the prime mover of the new organization, is president of the Parry Manufacturing Company of Indianapolis, which employs 2,000 men. He is a native of Pennsylvania and is 51 years of age. Mr. Parry says it is the intention of the new association to choke off the inclination of organized labor to conduct the business of this country on an unlawful basis and to throw a safeguard about the non-union workman and the man who desires to work for his own interests and for whom he pleases.

Hackney-Nisbet.

B. B. Hackney, of this city, and Miss Clara Nisbet, of Madisonville, went to Hopkinsville Monday morning on the early train where they were united in the holy bonds of matrimony. Miss Nisbet is a charming and attractive young lady of good family and she has a host of friends in this community. She is a sister of Mrs. Kirby Gordon, of Madisonville and of Mrs. Sammie Crutchfield of this city. Mr. Hackney is a conductor on the L. & N. and a deservedly popular young man. The happy couple will make their home in Earlinton. The BEB joins the many friends of the bride and groom in wishing a long, happy and prosperous life.

Will Be Wedded Soon.

It is stated on reliable authority that Mr. Claude Montague, who was formerly manager of the Cumberland Telephone and Telegraph Company at this place, and Miss Lora Sugg, a charming young lady of Madisonville, are to be united in matrimony at an early date. Both parties are well and favorably known in this community and have a host of friends in Earlinton and Madisonville.

GO TO ST. LOUIS.

Joint Committee of Kentucky Press and Exhibit Associations

Will Arrange for Courtesies to Pencil Pushers Next Year.

Louisville, Ky., Nov. 30.—A committee, composed of President Paul M. Moore, Vice-President Louis Landram, Secretary R. E. Morningstar, Executive Committee member T. C. Underwood, of the Kentucky Press Association; President A. Y. Ford and Secretary R. E. Hughes, of the Kentucky Exhibit Association, and Geo. L. Garrett, traveling passenger agent of the L. H. & St. L. Ry., will spend Friday and Saturday of this week (Dec. 4 and 5), at the World's Fair grounds in St. Louis to arrange for the trip of the Press Association on Kentucky Day (Thursday, June 2, 1904), when the body will be the guest of the Kentucky Exhibit Association, and to get some information as to Press Parliament Week during May, 1904, when a delegation from the Press Association will represent the Kentucky editorial organization.

The joint committee makes the trip at this time so it will be able to report to the Mid-Winter meeting of the Press Association, at the Galt House in Louisville, Friday, December 11. It is a foregone conclusion that Messrs. Moore and Ford and their party will be able to arrange for every known courtesy for the trip of the "pencil pushers" both in May and June. The Kentucky editors will be entitled to and will receive the very best that is going during their stay in the Exposition city. The World's Fair officials have already assured the committee that every kindness will be shown the editors.

While on the grounds the committee will have the pleasure of seeing the "New Kentucky Home," the building that is rapidly nearing completion and which is to help represent the old commonwealth at the big show. The members will also be shown through the main exhibit places wherein the Exhibit Association has had reserved many thousand square feet of space for displays of the State's products, resources and industries.

Slight Snow.

A slight snow fell here Tuesday evening and night but not a sufficient quantity to make rabbit hunting good. The boys are expecting and hoping for a heavy fall of snow in time for the holidays however.

REV. C. W. HESSON

Has Secured a List of Fine Lectures for Providence.

Through the laudable efforts of Rev. C. W. Hesson, pastor of the Methodist church, a fine lecture course has been arranged for Providence. Five of the best attractions that could be furnished by the Southern Lyceum Bureau have been secured and one will be given each month during the winter season. The following is the list:

Prof. Chas. Lane, Humorist. Elias Day, Characterist. The Dunbar Hand Bell Ringers. Germaine, the Magician. A. W. Hawks, the Laughing Philosopher. The first of the series will be the lecture of Prof. Chas. Lane, which will be delivered on Friday night, Dec. 18th. He is a humorist of rare powers with a broad reputation. They are all fine attractions and the people of Providence are to be congratulated on getting them and should appreciate Mr. Hesson's interest in the matter.

EDUCATORS

Of the Second Congressional District Meet in Madisonville.

The Second Congressional Teachers' Association convened in Madisonville Friday morning and a number of the prominent educators of the district were in attendance. A good representation of the teachers of the county were also present. It was a highly intelligent body of men and women that assembled at the court house and many educational topics of interest were discussed in an able and instructive manner. The meeting was called to order by Prof. Thomas H. Smith, president of the association.

Friday night an entertainment was given at the Cumberland Presbyterian church that was largely attended. Prof. J. J. Glenn, of that city, delivered the welcome address and Prof. McHenry Rhodes, of Owensboro, charmed the audience with a delightful address, subject, "The Boy and the Book." A selection was also rendered by Miss Hamilton, who is an accomplished elocutionist, that was highly entertaining to the cultured audience.

At the conclusion of the exercises at the church the assemblies dispersed and went to the opera house, where they witnessed that excellent play, "The Professor's Love Story," and at the end of the play the teachers were given an elegant spread at Smith's Hotel. The banquet was given by the business men of the city and was gotten up under the direction of Mr. L. Bailey, who is a connoisseur in that line. A number of toasts were made at the feast, which was a bounteous one, and Miss Sallie Brown carried off the honors as toast maker for the occasion.

The association adjourned Saturday afternoon at 8:30 o'clock to meet at Hopkinsville next year.

DESTRUCTIVE FIRE

Wednesday Morning at 2:30 O'clock Destroyed Two Residences—The Alarm Aroused the People of Earlinton—Both St. Bernard Property.

Wednesday morning, about 2:30 o'clock, the alarm of fire was given and it was discovered that the house occupied by Chas. Egloff, a miner in the employ of the St. Bernard Mining Co., was on fire. This was a frame building and was soon consumed, the entire contents being lost. The flames quickly spread to the adjoining building, occupied by Mr. Dubuison, which was also burned in a short time, but a majority of the contents were saved. The origin of the fire is supposed to have been a defective flue.

Joe Egloff had a somewhat narrow escape from the flames and had his hair badly singed while escaping from an upstairs room through the window and the front porch roof, the stairway having been burned.

Both of these dwellings had recently been put in good repair by the St. Bernard Company.

Schlitzbaum Convicted.

A. B. Schlitzbaum was given one year in the penitentiary by a jury at Hartford last week on the charge of having embezzled \$86 from the I. C. R. R., while agent at Fordville in August 1903.

Maine's log cabin at the World's Fair will be built in the Maine principles. It will then be taken down, the timbers carefully marked, and the material shipped to St. Louis where it will be reconstructed.

WEATHERLY-JUREY.

Groom Former Madisonville Boy and a Coming Railroad Man.

MARRIED LAST EVENING AT PEWEE VALLEY, KY.

Pewee Valley, Ky., Nov. 29.—The principal event of the winter will be the marriage of Miss Corey Jurey to Mr. Sherman Weatherly at 7:30 o'clock next Wednesday evening at the Presbyterian church. Rev. C. M. Creighton will perform the ceremony. The attendants will be four ushers, Messrs. H. Louis Armstrong, Frank Sutton, Will F. Hinkle and Will T. Micon; the flower children, Miss Lucile Jurey and Master William Mack Luges; the ring bearer, Miss Margaret Jurey; the matron of honor, Mrs. M. Harvey Ingles; the best man, Mr. Will Bonner. Miss Mayne Hinkle will sing and Mrs. Claude Allen will preside at the organ. The church will be prettily decorated with ferns, palms and white chrysanthemums. Miss Jurey will wear a gown of white crepe de chine and chiffon over white taffeta and the customary tulle veil, and will carry white carnations. Mrs. Ingles will wear white crepe de chine over white taffeta and carry white roses. Mr. and Mrs. Weatherly will leave soon after the ceremony for a trip South. On their return they will make Louisville their home.

Mr. Weatherly spent his boyhood at Madisonville, where now live his three sisters, Mesdames T. W. Gardiner and Jno. B. Harvey and Miss Nellie Weatherly. His first connection with railroading was as a boy when his sister, now Mrs. Gardiner, took him to Evansville and enlisted the interests of Capt. Lee Howell, general freight agent of the L. & N., in her brother. He was given work hustling freight at the depot, but the work was too heavy and laid him out. Capt. Howell then made him office boy until he could develop his shorthand and typewriting to the point of efficiency. He was stenographer to Capt. Howell's chief clerk for several years. Afterwards he went with Mr. J. G. Metcalfe when that gentleman was superintendent of the Henderson and St. Louis divisions. Later he went to Birmingham as chief clerk to Mr. C. B. Compton, then general agent for the L. & N. at that place. When Mr. Metcalfe became general manager, Mr. Weatherly went with him again for several years. Then, upon advice of influential friends, he went into the transportation department, where he has remained. He is now chief clerk to Mr. C. B. Phelps, superintendent of transportation, a very responsible position, and is regarded as a bright railroad man and a hard worker.

Mr. Weatherly will bring his bride to Madisonville for a visit to his sisters before the bridal trip is ended.

Corporation Assessments.

Frankfort, Ky., Nov. 27.—The State Board of Valuation and Assessment in session today fixed the franchise tax of the Louisville & Nashville Railroad Company at \$8,185,000; the Lexington and Eastern Railway Company at \$402,700; the Union Light, Heat and Power Company, of Covington, \$167,988; the Winchester Water Company, \$22,780. The total valuation of railroad properties in the State is \$10,929,714, the taxation for the franchise purposes being fixed at \$99,648.61.

MINING NOTES.

There have been violent labor disturbances recently at Bilbao as a result of the miners' strike and the almost inevitable anarchist association with all such movements in Spain.

Owingsville, Ky., Nov. 27.—John Bimian, forty years old, was killed at Hardison & Walker Clay's mines in Carter county by a dynamite explosion. Bimian had placed two charges of dynamite in place, and only one of them exploded on time. The other did not discharge. Bimian went in to investigate, when it was discharged, killing him instantly.

The water flow from the Cripple Creek drainage tunnel has been increased until now the total flow from the portal is 3,000 gallons a minute.

The Nortonville Coal Company is making another opening at Nortonville on the L. & N. R. R. They have struck a fine vein of coal there and the new mine is a slope. The first mine they opened was on the I. C. R. R. and they are preparing to make two other openings on that line. Since this company began operations there has been quite an improvement in Nortonville and many new buildings have been erected.

The Buffalo Creek Coal Company have erected twenty-five houses at the Daniel Boone mine for the use of the miners who are working at their mine near St. Charles.

The new machinery for the Bell Coal & Mining Company's mine at Sturgis, Ky., arrived at that place last Friday. The engine is a magnificent one of two hundred horse power built by the Erie Machine Works, of Erie, Pa. The flying wheel and hoisting drum weigh several tons each and all of the machinery is first class and up-to-date.

Henry Magenheimer of the Daniel Boone mine was here Sunday visiting his parents.

Pat Blair of the Diamond mine was in town this week.

William Lacy of the St. Charles mine has accepted a position as foreman at the Daniel Boone mine.

The operators of West Virginia have decided to ask the men to take a reduction in wages, giving as their reason that the present price of coal will not justify them in paying the wages called for in the present scale. The operators are fully organized and from the best information obtainable have their plans completed so that when the time comes all will be in accord and the demand for a reduction will be all along the line. Should the demand be refused it is understood that the mines will be closed indefinitely.

It is claimed that during the past eleven years the average productive capacity of American mines per man per day has been increased over 25 per cent, while in Germany the productive capacity per man per day has diminished in many of the mines and in others it has remained stationary. The reasons which are attributed to the increase in the United States are the introduction of mining machines, and more competent miners, and a wider knowledge and improvement in the system of mining in this country. All these have tended toward greater efficiency and better results.

FRENCH LICK AND
WEST BADEN SPRINGS.

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs!"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet; while at the splendid casinos one can have all the entertainment and social pleasures possible at the most fashionable resorts.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

ALICE HENNINGER'S SLAYER CAPTURED

Fred Strube, the Alleged Murderer of Alice Henniger, Captured at Macon, Missouri.

ADMITS THE CHARGE AGAINST HIM; WILL RETURN WITHOUT TROUBLE.

Says He Struck Her With a Monkey Wrench When She Refused to Marry Him—He was Arrested Here Tuesday. Strube had Come to the Office Who Effected the Arrest.

Macon, Mo., Dec. 2.—A young man who declares that he is Frederick Strube, wanted at Havana, Ill., on the charge of having killed Alice Henniger, was arrested here Tuesday. Strube had been working for a Macon county farmer and came to town, met Chief of Police Woods near the Wabash railroad station and gave himself up. Later in the day he was examined by City Attorney N. M. Lacy and admitted the charges against him. He said he struck Miss Henniger with a monkey wrench because she laughed at him when he pressed her to marry him. They were in a barn and, he said, fell out of the vehicle during the struggle, and on the ground he again struck her and killed her, and afterward buried her body.

Strube broke down during confession. Strube said he went to Quincy, Ill., and while there passed a number of policemen on the street. During his story he broke down and cried many times. He said he is perfectly willing to go back to Illinois "and take his chances." The police authorities of Havana, Ill., have been notified, and Sheriff Brooker is expected to arrive today for Strube. A reward of \$1,400 is outstanding for his arrest and capture. Miss Henniger was 20 years of age. Miss Henniger was 18 years old.

DETECTIVE DRISCOLL DEAD.

The Young Chicago Bandits Now Have Another Human Life to Answer For.

Chicago, Dec. 2.—Detective John Driscoll, who was shot in the fight in Indiana with the three car barn bandits, died at the Mercy Hospital Tuesday.

The death of Driscoll will be charged to Peter Neidermeyer. Neidermeyer admitted that he shot Driscoll.

Gustave Marx, one of the car barn robbers, will be placed on trial in the criminal court this week. The others will probably go over until the next term of court.

The next term begins Monday, so that the delay will be less than a week. Each murder case will have to be tried separately. Marx's plea of guilty and his confession will hasten proceedings in his case. He probably will be used as a witness against the other defendants.

An attorney who has been retained to defend Roelke stated definitely Tuesday that Roelke's plea will be insanity.

BIG PROFITS FOR ARMOUR

Cleans Up \$210,000 on Wheat in One Day and Practically Controls the Market.

Chicago, Dec. 2.—J. Ogden Armour, sometimes known as the "King of the wheat pile," "swamped" the market Tuesday and threw 6,000,000 bushels of the cereal upon the market, clearing on every bushel a profit of at least 3½ cents. His brokers in Milwaukee, Chicago, the seaboard and through the northwest received selling orders simultaneously, and while the market under his pressure was at its highest immense holdings were thrown upon it to be grabbed up at once by the anxious shorts.

His profits Tuesday alone are \$210,000, and his control of the market is as absolute as ever. He can put the price up to \$1, declare traders who have watched his manipulations.

A PLUCKY ST. LOUIS WOMAN.

Single-Handed She Disarmed a Hold-Up Man and Held Him Until Police Arrived.

St. Louis, Dec. 2.—Unarmed, Mrs. Rose Markham, proprietor of a second-hand store at 215 North Fourteenth street, Monday night, captured a man who attempted to hold her up in her store. With a revolver pointed at her head, Mrs. Markham grappled with the robber, taking the revolver away and holding him until the police arrived.

WILL RESIST EXTRADITION.

William Ziegler Will Resist Every Step Looking to Bringing Him to Missouri.

Jefferson City, Mo., Dec. 2.—A telegram received here from New York Monday night, by Gov. Duggan, indicates that every step in the efforts to have William Ziegler, the Baking Powder trust man, wanted here to answer to an indictment charging bribery, returned under a requisition issued by Gov. Odell of New York, will be stoutly resisted.

THE FOOTBALL FIELD

Nineteen Lives Lost On the Football Field in the Season of 1903.

This Record is Supplemented With One Boy Driven Insane and Some Disabled for Life.

Chicago, Dec. 1.—The Tribune of Monday morning says: Nineteen lives were lost on the football field during the season of 1903. One boy was driven insane from injuries. Thirteen players were severely injured, some of them being disabled for life. The number of minor but painful accidents goes into the hundreds, and the list of the severely injured necessarily also is also incomplete.

The feature of the year's tabulation is that it shows the serious casualties practically were confined to untrained players. No member of any first class eleven was killed or permanently disabled. One Yale player and one Harvard player suffered a broken leg. No player in any of the teams of the "big nine" in the west was the victim of any hurt worse than a sprained knee or a bruised head, a wrenched shoulder or a turned ankle.

In consequence of the injuries sustained by their players several of the minor schools have forbidden the game of football. Two towns—Columbus Junction, Pa., and Greenfield, O.—have stopped the sport as the result of petitions circulated by parents.

MINERS RESUMING WORK.

Nearly Two-Thirds of the Coal Miners in the Northern Colorado Field Resume Work.

Denver, Col., Dec. 1.—Nearly two-thirds of the 2,000 miners of the northern Colorado coal fields resumed work Monday and it is expected that within a week or two the full force will be at work.

The announcement of the settlement of the strike in the northern district was the cause of general rejoicing in all business circles, for it means an end to the coal shortage.

Hopes are entertained that the conference of union officials to be held at Trinidad on Wednesday will lead to a settlement of the strike in the southern fields.

MAJ. CHARLES E. KILBOURNE.

Sudden Death on a Chicago & Milwaukee Train While on His Way to Columbus, O.

Chicago, Dec. 2.—Major Charles E. Kilbourne, U. S. A., paymaster of the department of Dakota, died on a Chicago, Milwaukee & St. Paul train as it neared Chicago. He had been very ill and was on his way to his home in Columbus, O., accompanied by his wife and son, Capt. L. E. Kilbourne, of the Twenty-sixth infantry.

Maj. Kilbourne was graduated from West Point in 1866 and was 59 years old. He was treasurer of the Philippine islands while they were under military government in 1898-99.

BIG FIRE AT NEW ORLEANS.

Plant of the National Biscuit Co. and Other Business Property Burned.—Loss, \$225,000.

New Orleans, Nov. 29.—Fire in the heart of the business and manufacturing district, Saturday, completely destroyed the plant of the National Biscuit Co., and damaged considerably a number of surrounding warehouses and other property. The plant covered a square and there was an unusually heavy stock on hand. The loss to the Biscuit Co., and surrounding property is estimated at \$225,000.

"RED" HOOPER CAPTURED.

Apprehended at Lima, Ohio, and Held For Killing City Marshal Payne of Fairmont, Ind.

Lima, O., Nov. 29.—Harry, alias "Red" Hooper, who jerked away from James Payne, marshal of Fairmont, Ind., while en route to the police station to answer to the charge of burglary Thursday afternoon and who shot and killed the officer, was apprehended here Sunday noon after his arrival on a Big Four train from Springfield, O.

WOULD CALL HALT ON RUSSIA

A Prominent Japanese Advocate the Calling a Halt on Russia's Garrisoning of Manchuria.

Tokio, Japan, Nov. 29.—M. Oishi, former minister of commerce and agriculture, who lately visited Manchuria has vehemently protested in a public speech against the incessant increase of the Russian forces in the far east. He declares it is necessary to suspend the negotiations and demand an instant stoppage of reinforcements, and in the event of a refusal, to resort to an appeal to arms.

Peter Elliott Escapes From Asylum. Minn. Man—A special to the afternoon paper says Peter Elliott, the Minneapolis crank who was arrested in Washington while attempting to force his way into the president's presence, escaped Friday from the insane asylum at St. Peter, Minn. Elliott was committed to the asylum a month ago from Washington. A party is out hunting for him.

Zine Miners Strike Settled.

Kansas City, Mo., Dec. 2.—The strike of the 200 employees at the plant of the Zine & Chemical Co., near Argentine, Kas., a suburb, was settled Tuesday on a compromise. The men went out two weeks ago against a proposed reduction in wages.

AMUSEMENT NOTES.

THE PROFESSORS LOVE STORY.

Mr. W. C. Morton has added additional and lasting laurels to himself and his beautiful and complete play house at Madisonville by giving his patrons "The Professor's Love Story" in the superb rendition of Mr. Harry Beresford as the Professor, with a brilliant and beautifully balanced support. The play was produced last Friday evening to a thoroughly appreciative and sympathetic audience, and is this week at Macauleys, Louisville's leading theatre. From "The Professor's Love Story" was the best of the many excellent attractions Mr. Morton has ever put on.

FIELD'S MINSTRELS.

Field's Minstrels is a law unto itself in minstrelsy and drew a characteristically large, endorse forcing, audience at Morton's Theatre Tuesday evening. Earlinton was numerously represented, as usual, and some of the artists who were with the Weber and Fields show at our Temple Theatre two years ago were recognized and warmly applauded. The new, circus scene was particularly side-splitting.

CONGUS, COLDS AND CONSTIPATION.

Few people realize when taking cough medicines other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate.

KEEP YOUR BLOOD CLEAN

Elington Martin Dead.

Mr. Elington Martin, one of Madisonville's oldest and best citizens, died at the home of his son, Dr. Richard Martin, of Dallas, Tex., last Friday morning at 9 o'clock.

A few weeks ago Mr. Martin was called to Dallas on account of the serious illness of Dr. Martin. Soon after his arrival Dr. Martin began to recover and in a few days was out of danger. Mr. Elington Martin, however, not being well when he left for Texas was taken ill and grew rapidly worse.

The news of his death caused much sorrow among his many friends here.

The interment took place in Dallas Sunday last.

Mr. Martin was 84 years old.

To those who are bereft we extend our sincere sympathy.

THURSDAY, DEC. 3, 1903.

GROVER CLEVELAND has positively and definitely stated, over his own signature in a letter to the editor of the Brooklyn Eagle, that he will never again be a candidate for president. This puts a certain end to the best presidential possibility within the Democratic ranks.

The second annual exhibition of the Louisville Newspaper Artists' Association to be held at the Galt House during the second week in December, will be an attractive feature to the members of the Kentucky Press Association which holds its mid-winter business meeting in the parlors of the same hotel on Friday, December 11.

Today, with pleasure justified by the result of our labor, we present to our readers, to our patrons and to our advertisers our Special Coal and Railroad number. It is a fifty-two page magazine section of THE BEE filled with up to date and valuable historic and statistical matter along the regular lines of THE BEE's two leading news specialties, coal mining and railroad news.

This effort and this publication is substantial and genuine, because it is but a more elaborate development of THE BEE's legitimate, weekly work. It is no sporadic attempt at graft but a dignified and sincere representation of the important railroad, coal and coal mining interests of this section of Kentucky. It is the product of much labor and a large expenditure of time and money, not perfect to be sure, but bearing on its face its own justification and leaving no ground for an apology for its existence.

In this number are presented the portraits and brief life histories of a large number of representative railroad men of Earlinton, Howell, Evansville, Nashville and other points. Leading Coal mining concerns are represented in its pages in illustrated stories of their operations and of their officials. The completest compilation of statistical, descriptive and historic data concerning the geology and area of and the mining operations in the Western Coal Field of Kentucky, is presented in the special article written for this number by Mr. C. J. Norwood, Chief Inspector of Mines and Curator of the Geological Department for the State of Kentucky.

Recognizing these facts the local and the general advertisers have taken our space liberally, and this week the columns of both sections of THE BEE stand up and speak out the truth—that our readers constitute a discriminating public with money to spend, and therefore are of particular interest and value to the advertiser. As we have said before, these business men entertain the right appreciation of the character and purchasing power of THE BEE's readers and deserve the business reward they are sure to get through their use of space in THE BEE.

We again commend to our readers and patrons the progressive business houses, wholesale and retail, manufacturers, financial institutions, professional men and others, whose business announcements are presented in the columns of today's mammoth edition of THE BEE.

A Lesson in Success.

There is a lesson for every boy and for many adults in the example of Herman Felter. A few years ago he was a newsboy in the streets of New York. Now he has been appointed to a comfortable position as expert stenographer in the government service at Mare Island.

It ever there was a boy "who had no chance" it was Herman Felter. At six he had to sell papers to help support his family. When he was eight his father died. It left him the main support of a widowed mother and two sisters. When he was ten he was shipped under a cat and lost a leg. Handicapped by being crippled, without an education, burdened with the support of others, what chance had he? Yet he made his chance. He worked diligently in the day. He went to night school in the evening. He studied stenography. He entered the Government service. Within two months he has been advanced to a responsible, well paying position.

There are boys with two legs who bewail their lack of a chance to get an education. There are grown men who complain that they never had a chance. The example of this crippled boy's perseverance should be a life-lesson to them.—Ex.

Why Some Women do not Rush into Matrimony.

A Chicago paper stated that there were 8,500 women in that city who had been deserted by their husbands and left to support their families alone; and yet some persons are disposed to rail at the new woman because of an alleged indisposition to rush into matrimony.

RECTOR OF ST. LUKE'S.

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ontario, April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any more the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once prepared a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a good and sure remedy. Best of yours, E. A. LANGFELDT, M. A., Rector of St. Luke's Church.

Taking Life Easy.

Now the days are getting shorter and the nights are growing longer, and the mercury has tumbled several pegs; the pumpkin thrashing is over, and we've husked and shelled our clover, and squeezed the juice of apples into kegs; we'll just sit and drink hard cider and keep a getting tighter, till we get the wabbly feeling over our legs.—Brookport, Ill. Eagle.

By the time that old canal is built airships will obviate the necessity for it.

A THOUGHT FOR THE WEEK.

Advertising is like a race horse—the man who drops out is soon lost sight of. It's a good deal like winking at a pretty girl in the dark—you may know what you are doing, but no one else does. Advertising is the lifeblood of business. Every good ad is a stepping stone to success. Judicious advertising will start the ball rolling and keep it rolling. Continuous advertising creates confidence. The prevailing opinion is that one cannot be constantly before the public without being found out and known for what he is. The people believe in a man who can stand trial by the public. The business man who is contented with his business has stopped growing. The man who says he has enough, and therefore has no need to advertise, has reached the flood of the tide. But after the flood is the ebb, always. It is a law of nature that nothing is a stand in a state of rest. Everything grows or decays. No business can remain at a standstill for any considerable length of time. People who have not the business backbone to keep steadily at it until they've succeeded had best keep away from advertising. Otherwise they're liable to develop into those sorrowful specimens who occupy benches in the extreme rear where they mutter imprecations to the effect that "advertising doesn't pay."

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home with proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c.

FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First.

Louisville, Ky., Oct. 29, 1903.
The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, the "Henderson Route," which road has been rightly termed the "Traveler's Official Route."

It has just been announced from the general offices of the Louisville, Henderson and St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation in the car builder's art. The cars are strictly up to date, first class "palaces of travel" on wheels, and this is only one of the many surprises which are promised the public by the Henderson Route. Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly vestibuled and are furnished with 64 reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strain incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and we can only suggest that in traveling you "get the Henderson Route" habit."

Who Has Learned?

Will the dear, long-suffering public ever learn wisdom and prudence and become provident? The long periods of zero-suffering to which a large portion of the public is subjected annually should teach a lesson, and the people should rise in their might and change the worn, old adage about hay to read:

Get Coal While.... The Sun Shines!

If those who do not live on a coal foundation had filled their coal bins and coal houses liberally in the warm weather, when coal and hauling is cheap and the roads good, and had not, like the grasshopper, fiddled the summer away without providing against the winter's rigors, they would not have had to dance and burn back fences for warmth during the cold snaps and coal shortages of the past few years, which all remember so well.

DAWSON HUNTERS

Have Made Records at Quail Shooting This Season.

N. L. Halemon, of Dawson Springs, has to his credit thus far this season over 100 quail. Will P. Scott has killed 98 in several days hunting ranging as high as 17 birds in one day, notwithstanding the supposed scarcity of birds. There are twelve hunters in Dawson who are said upon best authority to have killed an average of 50 quail each since the season opened. Thus far Dawson has the palm.

Report From the Reform School.

J. G. Gluck, superintendent, Pruntytown, W. Va., writes: "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform School. I find it the most effectively and absolutely harmless."

Died on Thanksgiving Day.

Charles Edwin Lacy, the twenty-three year old son of Mr. and Mrs. Wm. Lacy, of St. Charles, crossed over the silent river of death on Thanksgiving Day, and was interred on the following day in the St. Charles cemetery.

Mr. Lacy had been ill quite a long time with that insidious disease, typhoid fever, and his death was not unexpected. His sorrowing parents and wife have the heartfelt sympathy of the entire community.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse torments than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower cures the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c.

LOCOMOTIVE BLASTS

Frank W. Arnold, for eleven years grand secretary and treasurer of the Brotherhood of Locomotive Fireman, and previous to that time grand master, has tendered his resignation, to become effective January 1. He goes to Chicago to engage in business.

An order has been received at Fort Wayne, Ind., to lay off immediately 10 per cent. of the men employed in the Wabash shops in that city.

The Brotherhood of Locomotive Engineers is at peace with employers everywhere. No trouble exists at any point within their jurisdiction, which includes the United States, Mexico and Canada. They have renewed their annual wage contracts with all the large railroad corporations on the American continent.

Alvah Philbrick, who on Sept. 1 was transferred from the office of superintendent of the Louisville division of the Illinois Central to the Omaha division of the same road, has severed his connection with that road, and become chief engineer of the Memphis & Gulf, with headquarters in Memphis.

On account of the serious illness of his father Mr. T. M. Heggy, the foreman at Mt. Vernon, Ill., was obliged to absent himself the latter part of last week and this. Fireman O. Claybourne, whose home is at Mt. Vernon, and who has been used as an emergency foreman

on similar occasions in the past, was put in charge in Mr. Heggy's place.

Engine 905 has been turned out of Howell shop after a general overhauling. The engine made a few trips on the transfer between the E. & T. H. and the L. & N. for the purpose of breaking her in, after which she was sent to the Memphis Line for the future service.

Engineer H. T. Mulvaney has gone to Cincinnati, O., to visit his brother, who is in a hospital at that point.

Thomas Walsh spent Thanksgiving at Montgomery, Ala., with his son, F. O. Walsh, and son-in-law Frank Baugh.

Two new engines numbering 1018 and 1019 have been stopped off at Nashville, where they are to be set up and put in service on these divisions.

Stephen Biederman, who has been connected with the master mechanic's office at Howell for about a year and a half as messenger and office-boy, has been promoted to position on the shop-yard engine, the old 1051. The new messenger and office-boy is John Strait.

When Frank Sherman, the air brake instructor of the L. & N. system, gets through with his lectures at Nashville Terminal, where he now is located with his car, he will lay the car up for the winter months.

Howell shops closed down for Thanksgiving this year, doing only such work as had to be done to keep up running repairs.

A railroad man after going to church for the first time in twenty years was heard to remark that, being a non-air braked car, he was obliged to take a

position in the rear of the train. Carpenter W. B. DeJarnatt, wife and mother left Howell this week for Fort Worth, Texas, for an extended visit.

Additional coal pockets have been supplied at the Guthrie coal chutes. There has also been put in operation a new crane, which is provided with a Hayward cram-shell pocket, which loads itself.

While Brakeman R. A. Gowdy was hanging on the side ladder of a car at Enfield, Ill., last Saturday he was struck by a signal target and knocked off, injuring him to such extent that he had to be taken to the St. Elizabeth hospital at Belleville, Ill.

C. E. Ward, engineer on the S. D. coal train, is off on the sick list this week.

M. F. Bagley, foreman of the car department at Howell, has been down with rheumatism for the past two or three weeks.

There have been put on lately at the Mascoutah, Ill., coal tipple some additional chutes, which are higher than the old ones for the purpose of accommodating the high "nines" recently put on the St. Louis Division.

There was a fire at the St. Louis terminal last Sunday night from an unknown cause, damaging the roofs of several buildings. One of the buildings belonging to the L. & N. was considerably damaged, as well as contents, amounting to about \$500,000.

For any employee to violate knowingly any rule of his employer is a sin.

When you look at the high speed they are attaining over in Germany, those fellows are not so slow.

Abram Renick's Wife Dies.

Winchester, Ky., Nov. 27.—Mrs. Julia Renick, wife of Abram Renick, died at an early hour this morning of congestion of the lungs, aged about thirty-five years. She was originally Miss Julia Fry, of Pittsburg, Mo. She leaves one son and two daughters. She was quite popular and her death is greatly regretted.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired. Relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels. There are people in this community who need just such a medicine. For sale by St. Bernard Drug Store, Earlinton; Ben T. Robinson, Mortons Gap; Jno. X. Taylor, Earlinton.

NEBO NOTES.

Mr. McNary Hoffman who is attending school at Hopkinsville came home Thursday to spend his Thanksgiving at home and returned back to school Monday.

Mr. Will Hoffman of Madisonville spent Sunday with McNary Hoffman.

Bro. Bert Hopgood preached his first sermon at the Christian church Sunday. Quite a large crowd came out to hear him.

Mrs. Nannie Withers of near Greenville came down Monday to visit her parents.

It has been cold now for nearly two weeks and nearly everybody has fresh meat to eat now.

Thursday was Thanksgiving Day. Bro. Ford preached at the Christian church. Quite a number were asked around to their friends to eat turkey.

The Lone Star State.

Down in Texas, at Yonkers, is a big dry goods firm of which Mr. J. M. Haller is the head. Mr. Haller on one of his trips East to buy goods, said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good." For the dark brown taste, headache and that foggy feeling DeWitt's Little Early Risers are the best pills to use. Sold by Jno. X. Taylor.

Expert Testimony.

"To settle a bet," said the visitor, "how long can a man go without food?"

"Ask the man over there," said the snake editor.

"Is he the editor who answers questions?"

"No, he's a poet."—Philadelphia Press.

Notice.

I have a fine Decker Brothers upright piano, which has been in use five years only, which I will sell for \$125 cash. This is a bargain. Address me at Madisonville, Ky.

E. HIBBS.

Gen. John B. Castleman was re-elected President and Louis Seelbach Vice President of the Board of Park Commissioners at Louisville Monday.

The Ladies Columbian Club of Idaho will furnish that part of the state's building at the World's Fair set apart for women. It is planned to have elaborate social functions in the commodious bungalow during the exposition period.

Reduced to its final analysis a demand for alimony is frequently a demand for all the money.

HAPPENINGS IN KENTUCKY.

The Masonic Club has decided to formally open their rooms in the new Masonic, Louisville, with a house warming next Saturday night. All Masons are invited to be present at the opening. This club has two or three members among Earlinton masons and others scattered throughout the state, but is chiefly composed of Louisville men.

The selection of the site for the next annual State Fair is limited to Lexington and Louisville and has been put in charge of a special committee. Prof. M. A. Scoville, of Lexington has been elected president and L. B. Shirophore is re-elected secretary. It has been decided to begin legal action to collect the subscriptions from Owensboro guarantors who refuse to pay.

The Musicians' Union at Louisville is about out of a Theatre job. Both the Masonic and the Avenue have nonunion orchestras and Macaulay's demands that their musicians quit the union or find employment elsewhere.

Rev. Frank M. Thomas, formerly of Henderson, but now pastor of the Walnut Street Methodist church in Louisville, preached Sunday on the novel subject: "Nimrod, the Hunter." Mr. Thomas is an enthusiastic hunter and his sermon to sportsmen was listened to by many nimrods.

Jack Ropke, the expert card performer, who assisted in the vaudeville entertainment given the Shriner at Louisville on Thanksgiving, is arranging to go on the stage. His tricks, which he invents himself, are marvelous.

The site of the old Masonic Temple will not be again occupied by a theatre. The owners are tired of that class of property and will rebuild with business houses.

"Human Hearts."

So strong an impression did "Human Hearts" make upon a prominent clergyman in New York, that he wrote to the gentleman impersonating Tom Logan, vigorously endorsing the play and informing him of his intention of bringing all the orphans of a local asylum out at his expense to see it. And he did. "You cannot conceive," said Manager Nankerville, "of the appreciation of those youngsters at the change of scenery thus afforded them, unless you had listened to that gallery the day they attended. With the 'gods present,' he continued, 'as often as I have myself enjoyed sitting through it, it is enjoyable as a box of monkeys sprinkled over with tears. Quite often since, have city schools whose principals were aware of the great merit in the play, been given a half holiday, that the youngsters might enjoy a matinee. And what is out-spoken critics the tots have been! You can't get a favorable criticism or a padded eulogy for love of money from a juvenile. You must give him the goods or he denounces you broadcast, and I am really grateful to the tots of America for their appreciation of what all now agree to be one of the best American plays." "Human Hearts" comes to the Temple Theater Dec. 11.

The Rev. Irl R. Hicks 1904 Almanac.

The Rev. Irl R. Hicks Almanac for 1904 is now ready. It will be mailed to any address for 30 cents. It is surprising how such an elegant, costly room can be sent prepaid so cheaply. No family or person is prepared to study the heavens, or the storms and weather in 1904, without this wonderful Hicks' Almanac and Prof. Hicks' splendid papers, Word and Works. Both are sent for only \$1 a year. Word and Works is among the best American magazines. Like the Hicks' Almanac, it is too well known to need commendation. Few men have labored more faithfully for the public good or found a warmer place in the hearts of the people. Send orders to Word and Works Publishing Co., 2201 Locust St., St. Louis, Mo.
